A TIMELESS REVOLUTION

Welcome to Valerian Königszeit, an enclave of bespoke watchmaking in Helsinki, where each timepiece transforms into a unique work of art, exclusively crafted to express your refinement. In our prestigious workshop, artisanal excellence converges with horological tradition, giving rise to creations of unparalleled elegance.

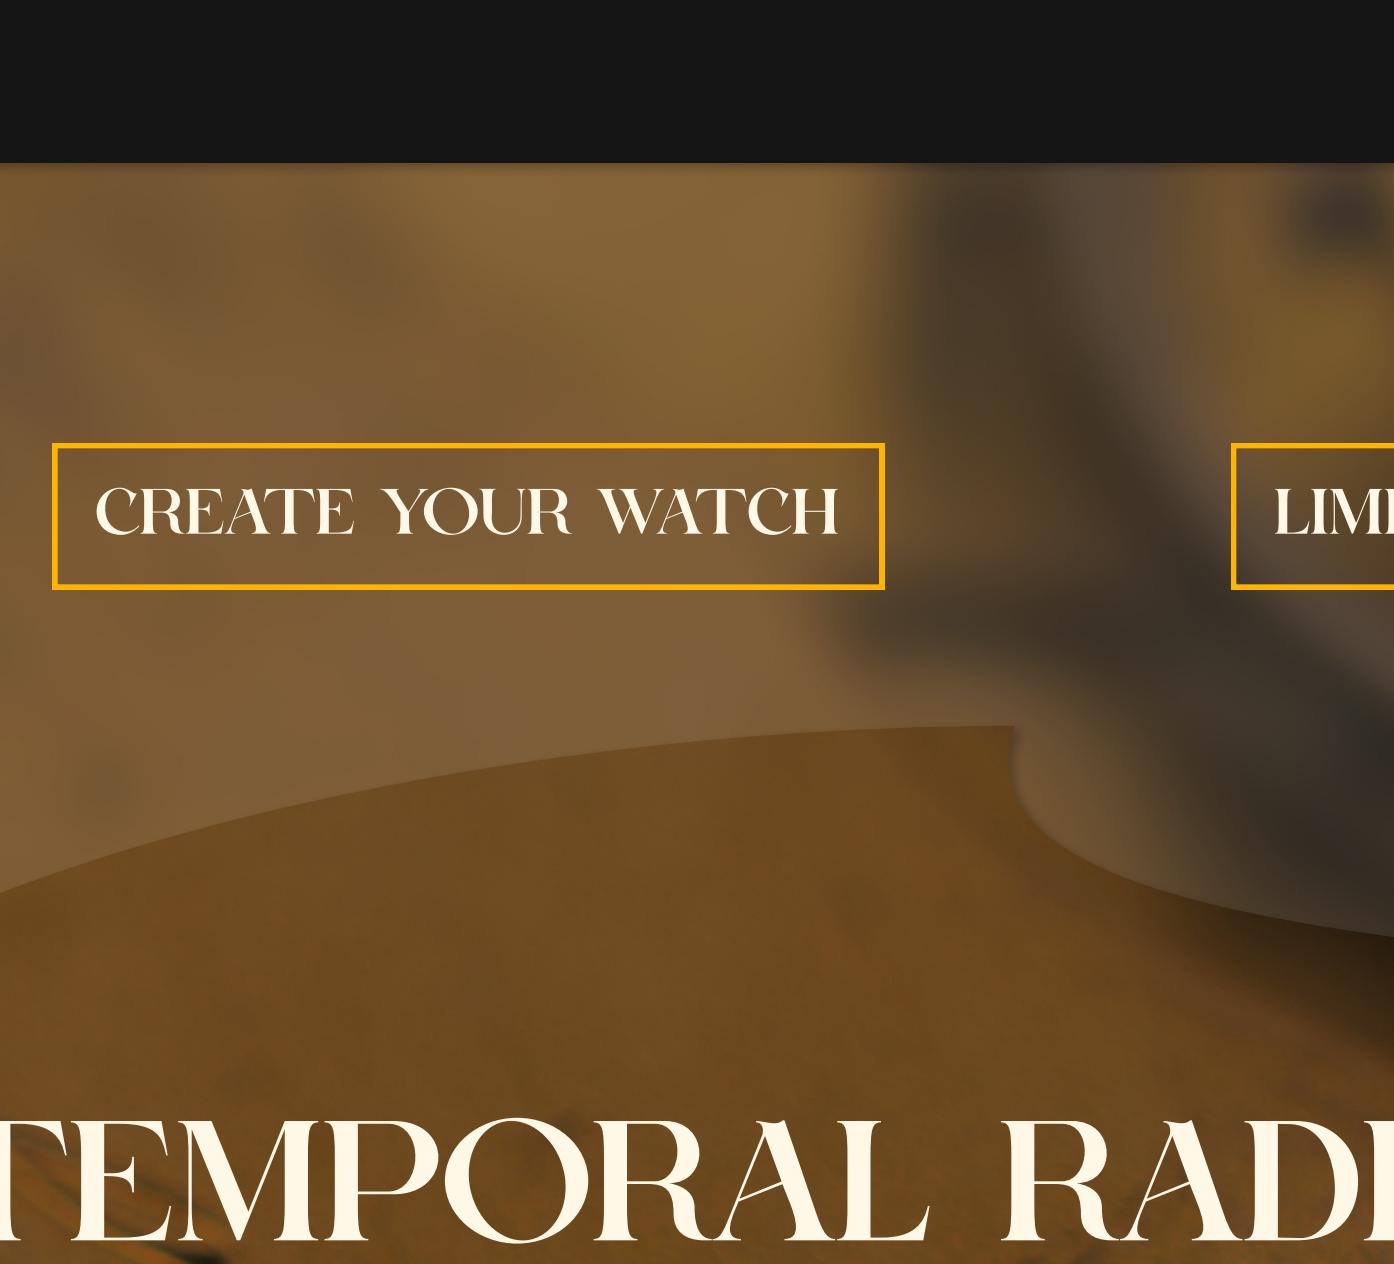

After the Belle Époque, Valerian Königszeit's horology became a legend, fading into the shadows of the past. In 2010, the family heritage was revived, breathing new life into the brand exactly 150 years after its inception. Four years later, an iconic collection, in limited editions, propelled Valerian Königszeit to the pinnacle of the global watchmaking scene. Each timepiece becomes a coveted piece, celebrating exclusivity and rare elegance, marking a saga where past and future converge in captivating limited editions, transcending the boundaries of time with style.

Discover Valerian Königszeit's modern workshops and crypt, seamlessly blending tradition with innovation in horology. Beneath imperial heraldry, craftsmen meticulously revive historic timepieces with precision.

State-of-the-art facilities and elegant woodworkstations embody a timeless fusion of past and present. Each creation from this crypt showcases Valerian Königszeit's prestigious heritage, shaping the future of time with modern sophistication and capturing the essence of contemporary horology.
